Thanks Lou and Tina –

This looks good to me and seems to capture the comments from Bruce and myself.

Kevin and MeganC/Vik, Richard and Jennifer have not yet reviewed as they were waiting for these edits. Can you make sure they review?

Mya/MeganF – Bruce will likely want to see again.

Mark – Chris may want to review, but would at least want to know this is moving forward.

Adding Liz, Dale and Jamie for awareness.

We are a little behind due to various delays so if we can get this back to OPARM early next week, that would be best. Can we shoot for Tuesday Nov 7th?

Thanks –

Maureen

Hi all,

New draft of the IRIS report to congress. Maureen, I'm sorry for the lack of track changes.

I had started working on Tina's original draft that we sent over. I think this version addresses the comments you raised previously. Give me a call if any of you want me to walk you through it.

Hi Tina and Lou –

I had a great talk with Bruce today and am attaching the RtC with his recommendations. Tina, I spoke with Lou this morning so he has the data dump, but recommendations are also in the attached.

Matt – not to go around our new process, it was just easier to relay this comments directly, so keeping OPARM in the loop via you ☐

Bruce, Bob, Richard and perhaps JOZ will still need to review – they are aware of Bruce's comments and want to see the next version. I can broker that today if possible but Bruce is leaving early (3ish).

Thanks – let me know if you have questions.

Maureen
